### RESOLUTIONS OF THE SELECTION COMMITTEE FOR NOVA LAW SCHOOL'S THIRD STUDY CYCLE LEADING TO A PHD IN LAW

*15th September 2016*

Selection Committee appointed by the Faculty Board on 25.05.2013 pursuant to article 5 of the Regulation of Third Cycle Studies Leading to a PhD In Law ("Regulation"):

- Professor Teresa Pizarro Beleza (Chairperson, in her capacity as ECTS Coordinator appointed by the Scientific Board);
- Professor Ana Prata (Member);
- Professor Margarida Lima Rego (Member).

The Committee held a meeting on 13<sup>th</sup> and 15<sup>th</sup> September 2016 in order to carry out the evaluation of the 2<sup>nd</sup> Phase Applications for the 3<sup>rd</sup> Study Cycle – PhD Programme in Law, 2016/2017 Edition.

The Committee checked the conformity of the applications and the fulfilment of the admission requirements and listed the candidates of the 1<sup>st</sup> Phase Applications for the 3<sup>rd</sup> Study Cycle – PhD Programme in Law in accordance with the criteria defined on the Announcement of 19.02.2016, pursuant to articles 4 and 5 of the Regulation.

Compliance with the following requirements was verified in relation to all candidates:

- a) Holders of a master's or equivalent degree;
- b) Holders of an especially relevant academic, scientific or professional curriculum recognised by the Scientific Board as attesting a capacity equivalent to that of holders of a master's degree.

Candidates were selected on the basis of their merit, having regard to the following parameters and respective weight:

- a) Academic *curriculum vitae* (50%);

- b) Scientific curriculum vitae (publications, other scientific output indicators and proven research experience) (20%);
- c) High Relevant professional curriculum vitae (15%);
- d) English language knowledge (10%);
- e) Motivation letter (5%).

The listing included, amongst those admitted, all the candidates holding a master's degree as well as the candidates which do not hold a master's degree but whose *curricula* globally reveal equivalent capabilities to those holding a master's degree, in the opinion of this Committee. Non fulfilment of such requirements by one of the candidates gave rise to her exclusion.

The relative positions between the various candidates were the result of our weighing of the above mentioned factors. The candidates who did not submit evidence of the final marks obtained on a master's or bachelor's degree or of other relevant factors were placed on the basis of the elements made available to this Committee. We attach hereto a table containing the grades individually attributed to each candidate for each of the five listing criteria, which shall be made available to candidates who so request.

These 2<sup>nd</sup> Phase Applications are meant to fill in 10 places. This Committee has admitted a higher number of candidates, existing places being filled in by the first 10 candidates on the list and *each of the remaining candidates being called to fill in one of those places, or any other that should arise, by order of their appearance on the list, if and when any one of their forerunners should choose not to enroll on the Programme.* In the event of a tie between some of the candidates, all such candidates will be called in to enroll simultaneously, the necessary number of extra vacancies being opened for that purpose in accordance with the applicable legal provisions.
